DETAILED ACTION

Examiner Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Cancel Claims 30-43 due to non-elected claims, elected without traverse.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 6/1/04 was filed after the mailing date of the application. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claims 1-29 and 44 are pending.

Reason for allowance

Claims 1-29, 44 are allowed.

The following is an examiner's statement of reason for allowance:

None of the references of record teaches or suggests the claimed limitations having a method of forming a semiconductor device which can form a self-aligned contact hole by using an etch selectively between different material layers, the method

comprising, among other steps, the steps of patterning the trench masks and the gap fill insulating layer until a top surface of the active region is exposed to form a trench mask pattern and a gap fill insulating pattern, which define a slit-type opening extending across the active region, forming a gate pattern in the slit-type opening, removing the trench mask pattern to form a contact opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
